Grade 2

Lesson title

Create Documents

The Date

2025 / 11 / 2

Create Documents

Do you know
what a
Documents
is

document is a
file that
contains
information.

This can be

text

Numbers

images

We follow the
explanation

Yes Or No

Do you know
the steps to
create a
Document

First step

MS Word is a software that allows us to add images and change text style in a document. We can also add tables, colours, and shapes. A document created with MS Word is called as a Word Document.
