The Struggle: Editing One by One

I have to make a presentation, but changing the font and color on every single slide takes forever! And they don't look the same!

Have you heard of Slide Master? You can create your own theme and design for all slides at once.

What is Slide Master?

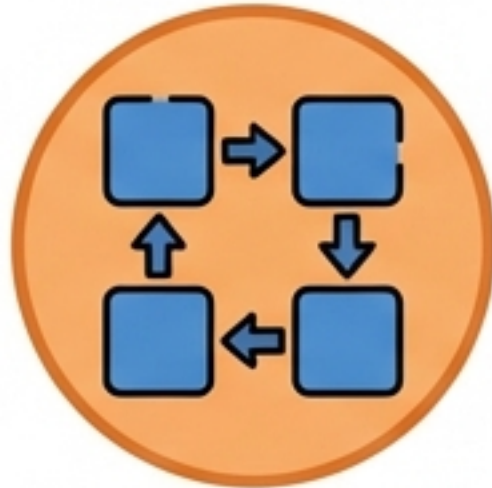

Slide Master is a tool that lets you create a theme for your whole presentation at once.

Change the
Master Slide

Custom Theme

Your Toolkit: Key Vocabulary

Placeholder

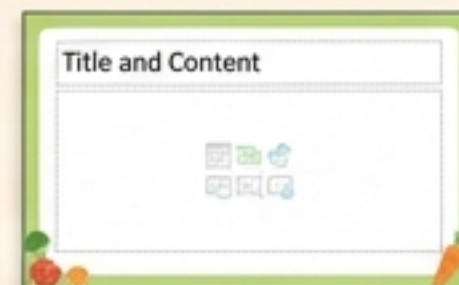

This is a placeholder.

A container window with dotted borders for text, graphics, or video.

Layouts

Title Slide

Title and Content

Comparison

Two Content

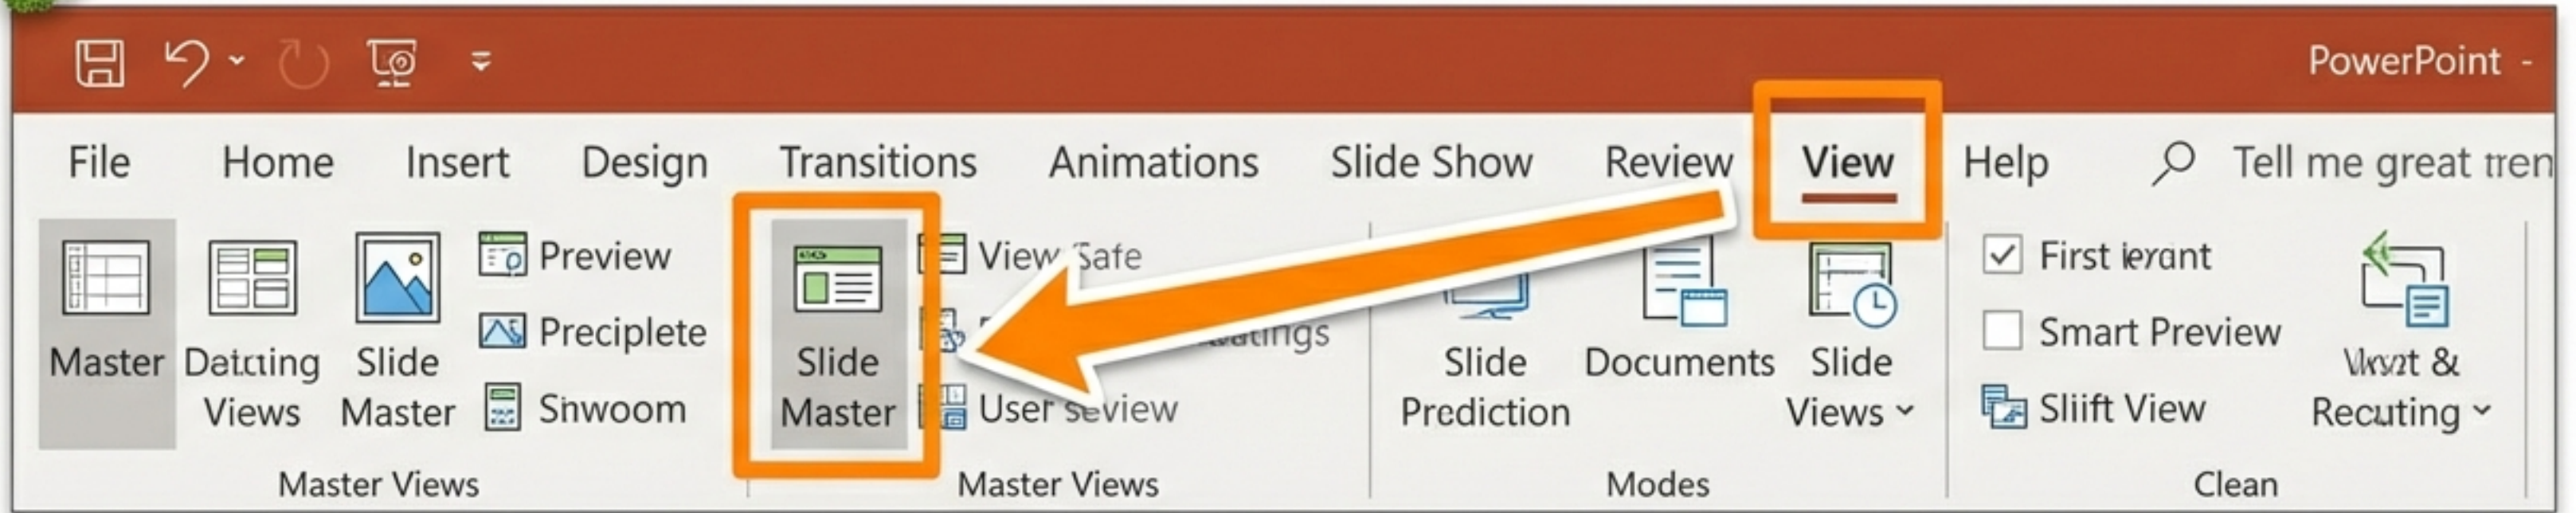

Different arrangements

Theme

Predefined styles

Step 1: Going “Backstage”

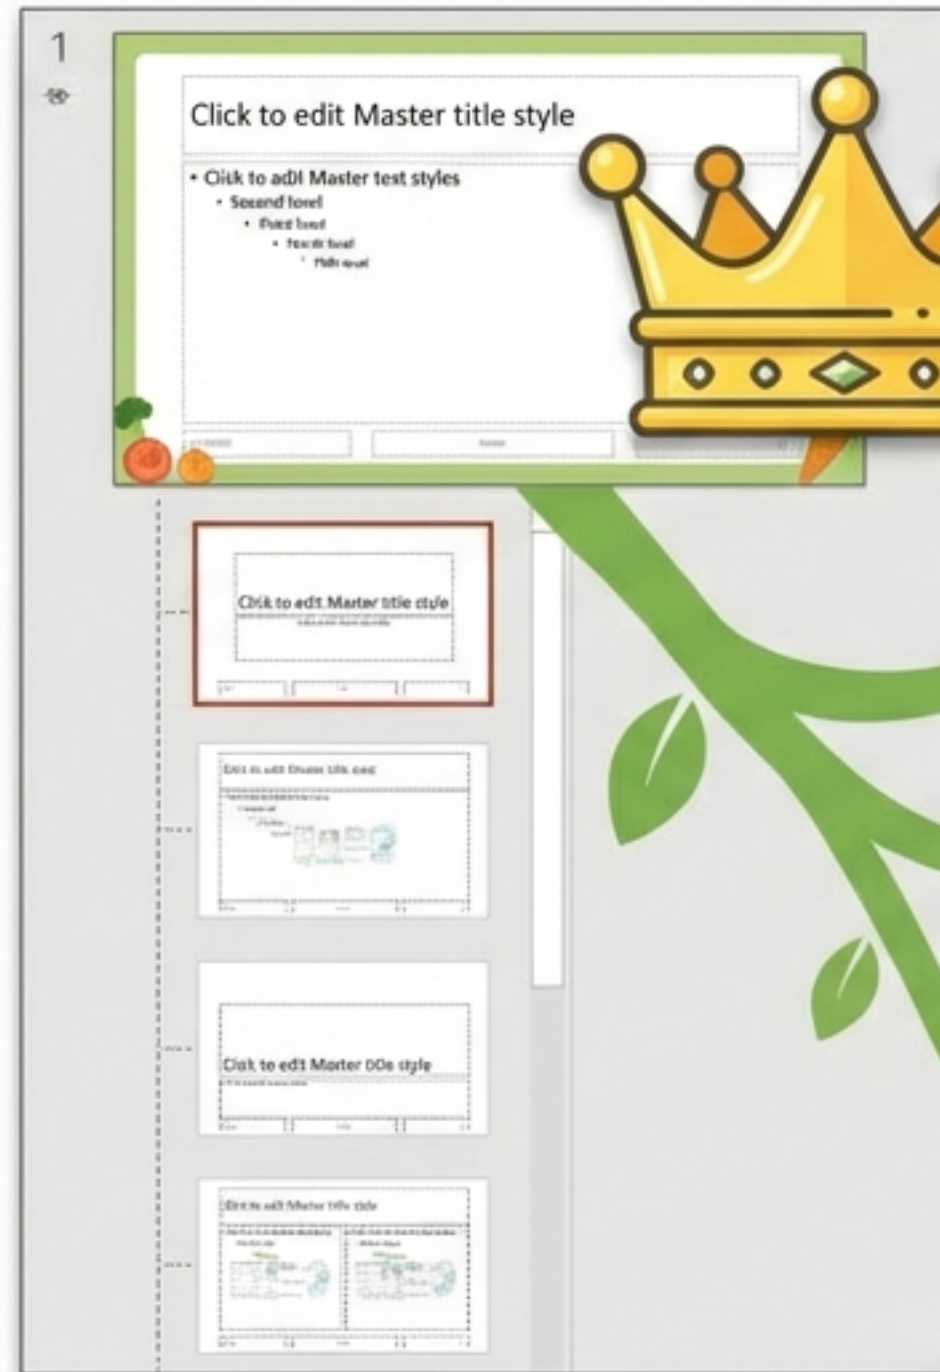

Open PowerPoint > Go to View Tab > Click Slide Master.

Tip: A new tab will appear. You are now behind the scenes!

Who is the Boss? Understanding the Tree

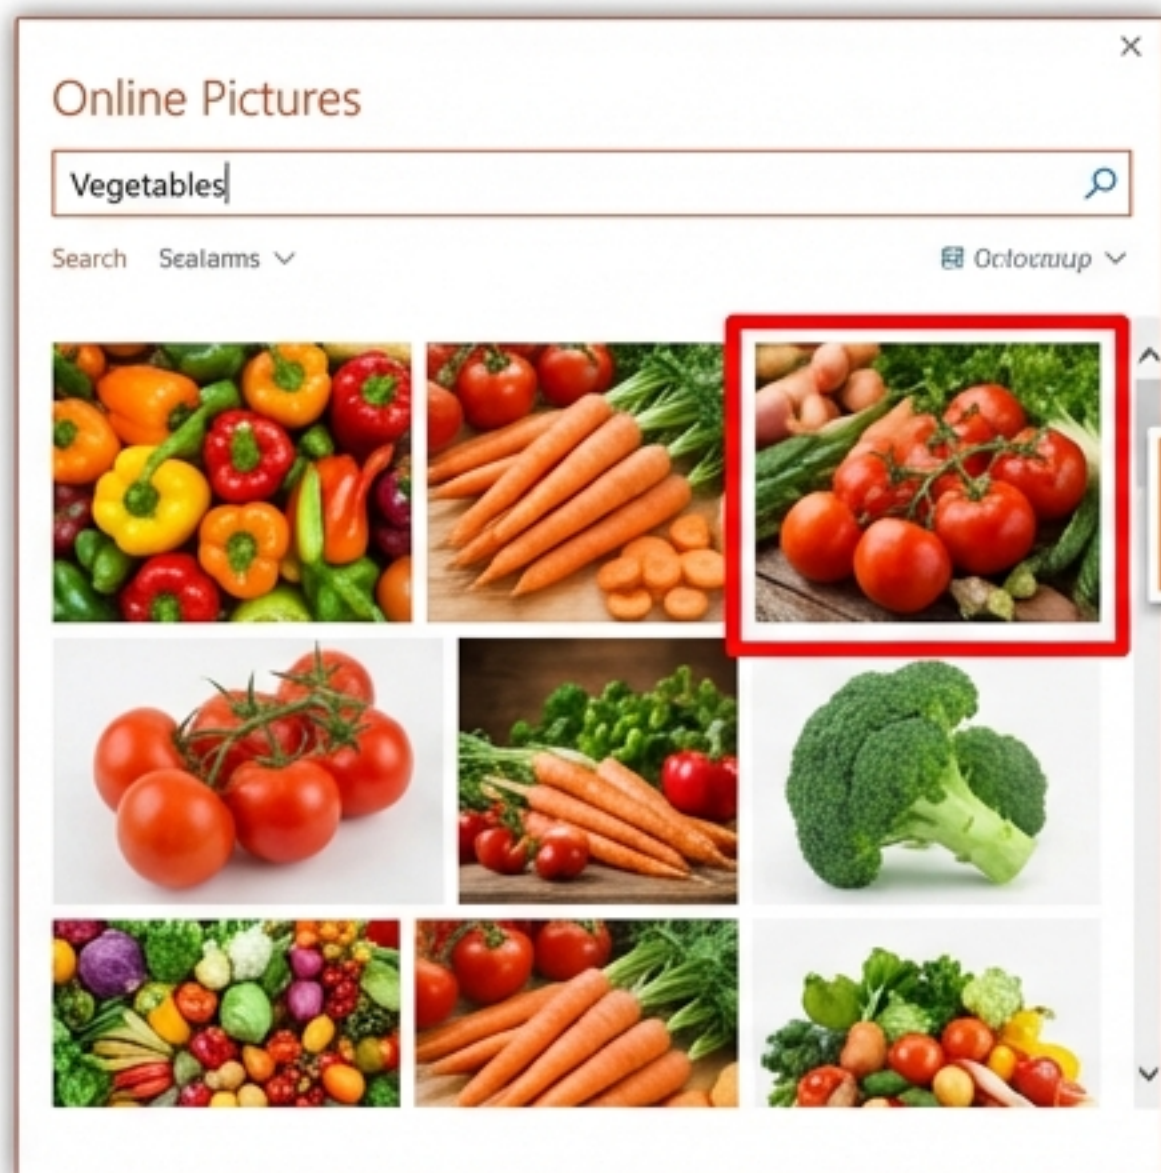

The Master Slide (The Big Boss)

Changes here affect EVERY slide.

Layout Masters (The Helpers)

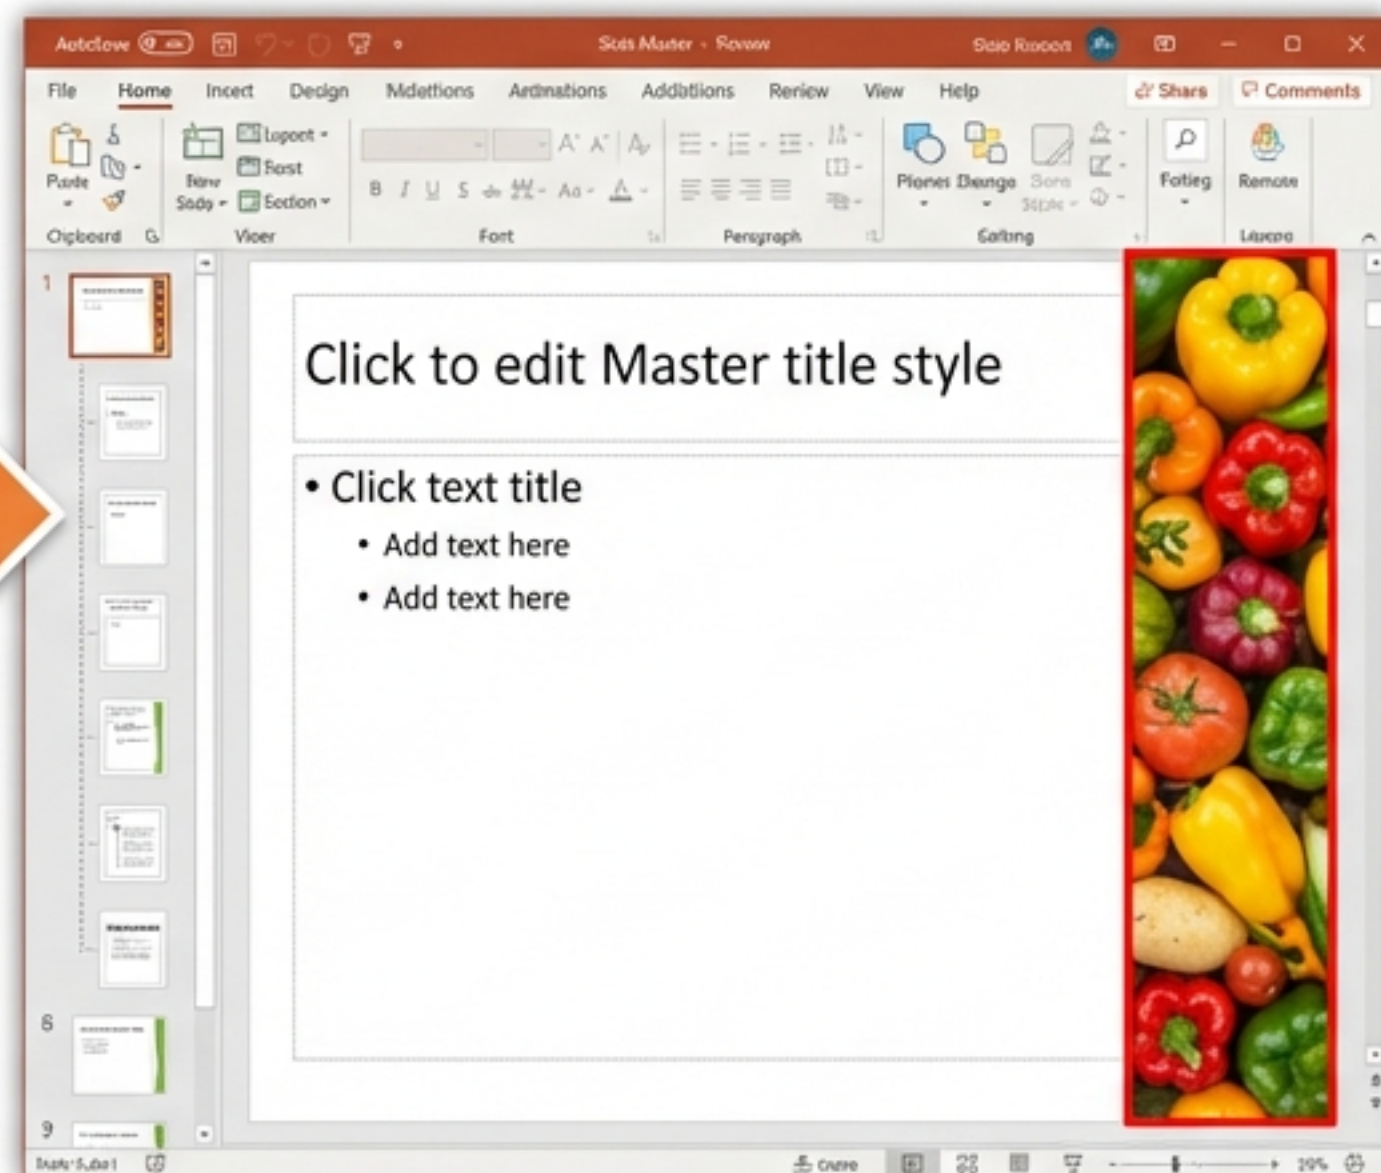

Changes here only affect specific layouts.

Step 2: Adding the Veggie Strip

Insert & Crop

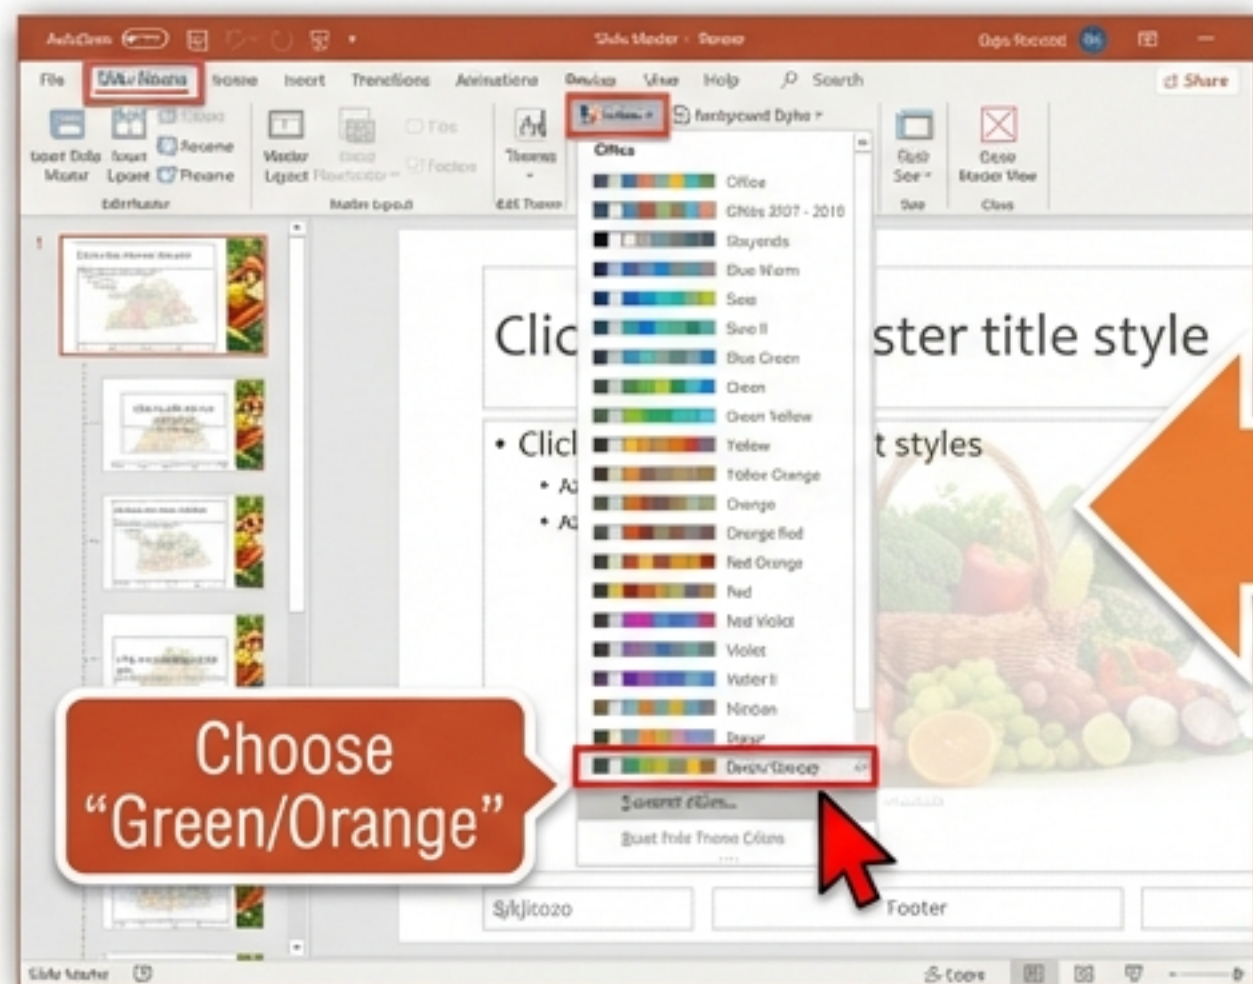

Search for
“Vegetables”,
crop the image
into a strip, and
place it on the
side.

Step 3: The Background Layer

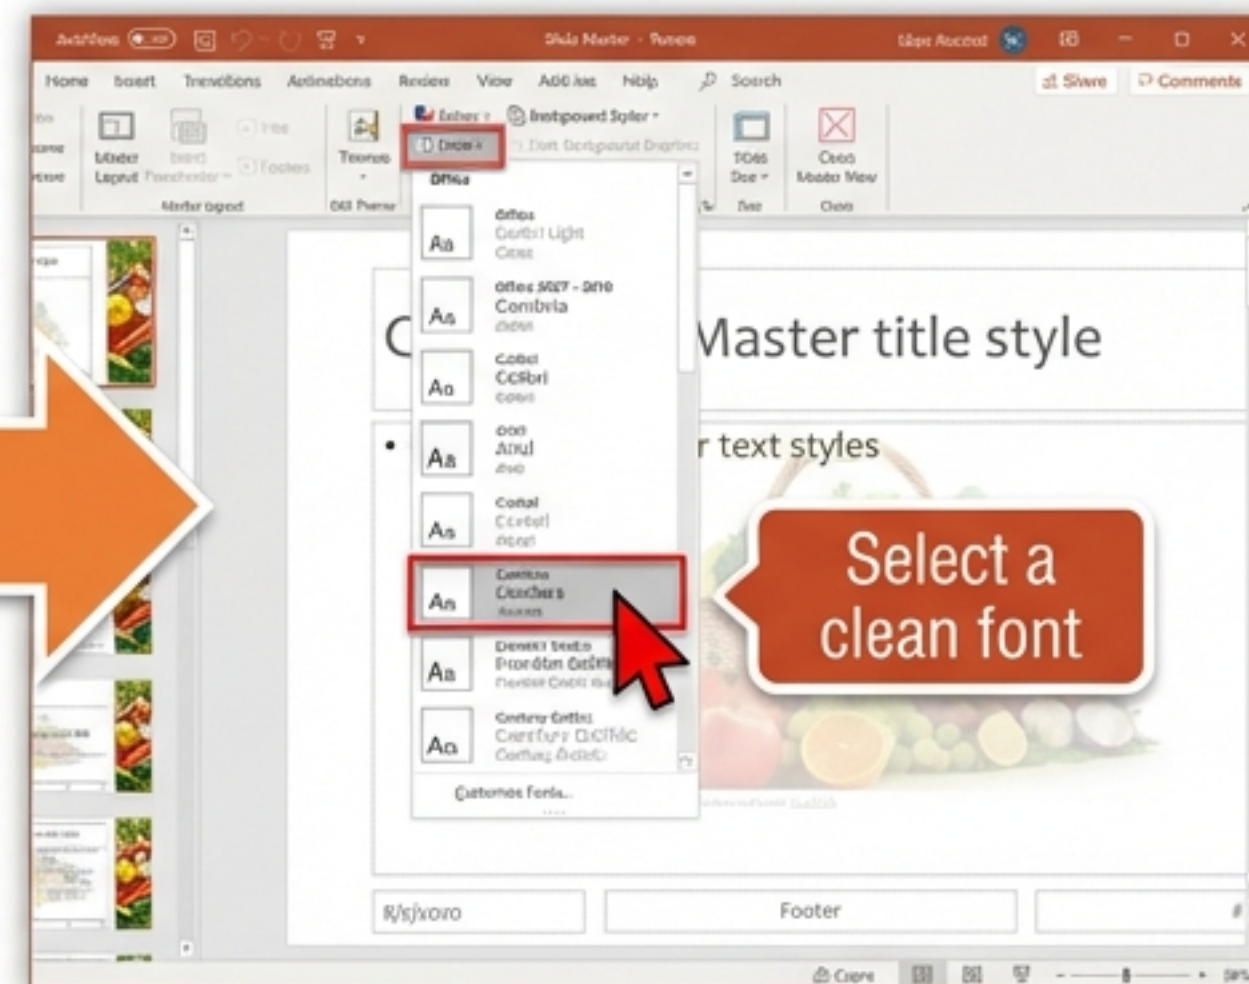

Step 4: Fonts & Colors

Custom Colors

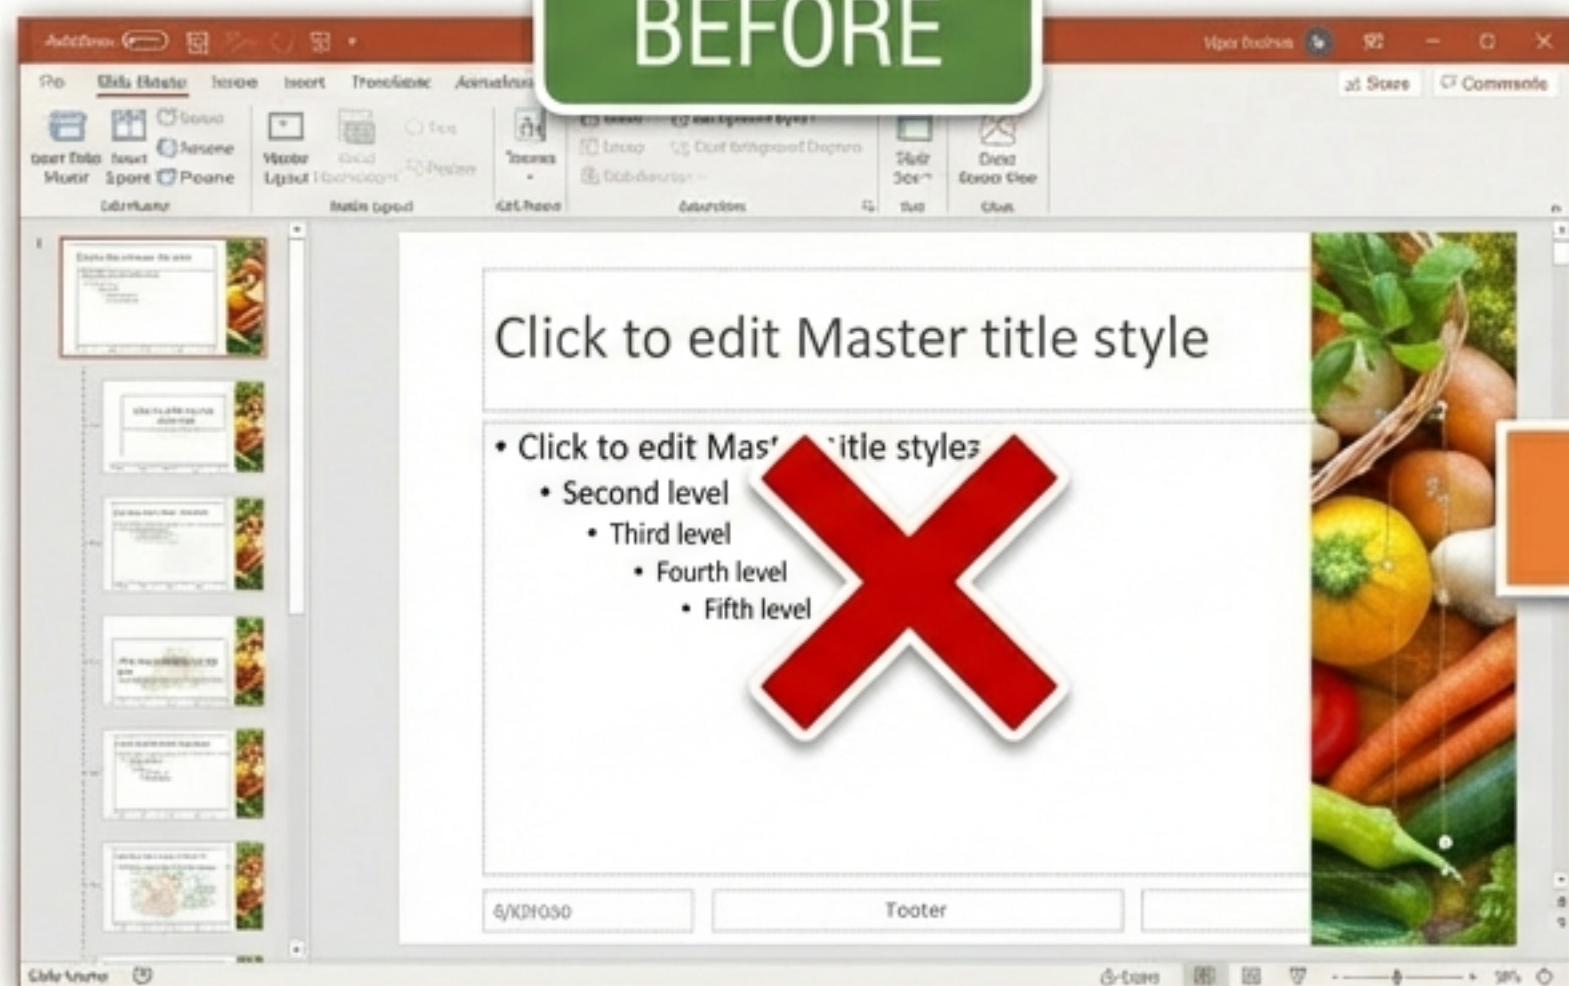

Match the text to our healthy theme!

Use the Slide Master tab to change them once for the whole deck.

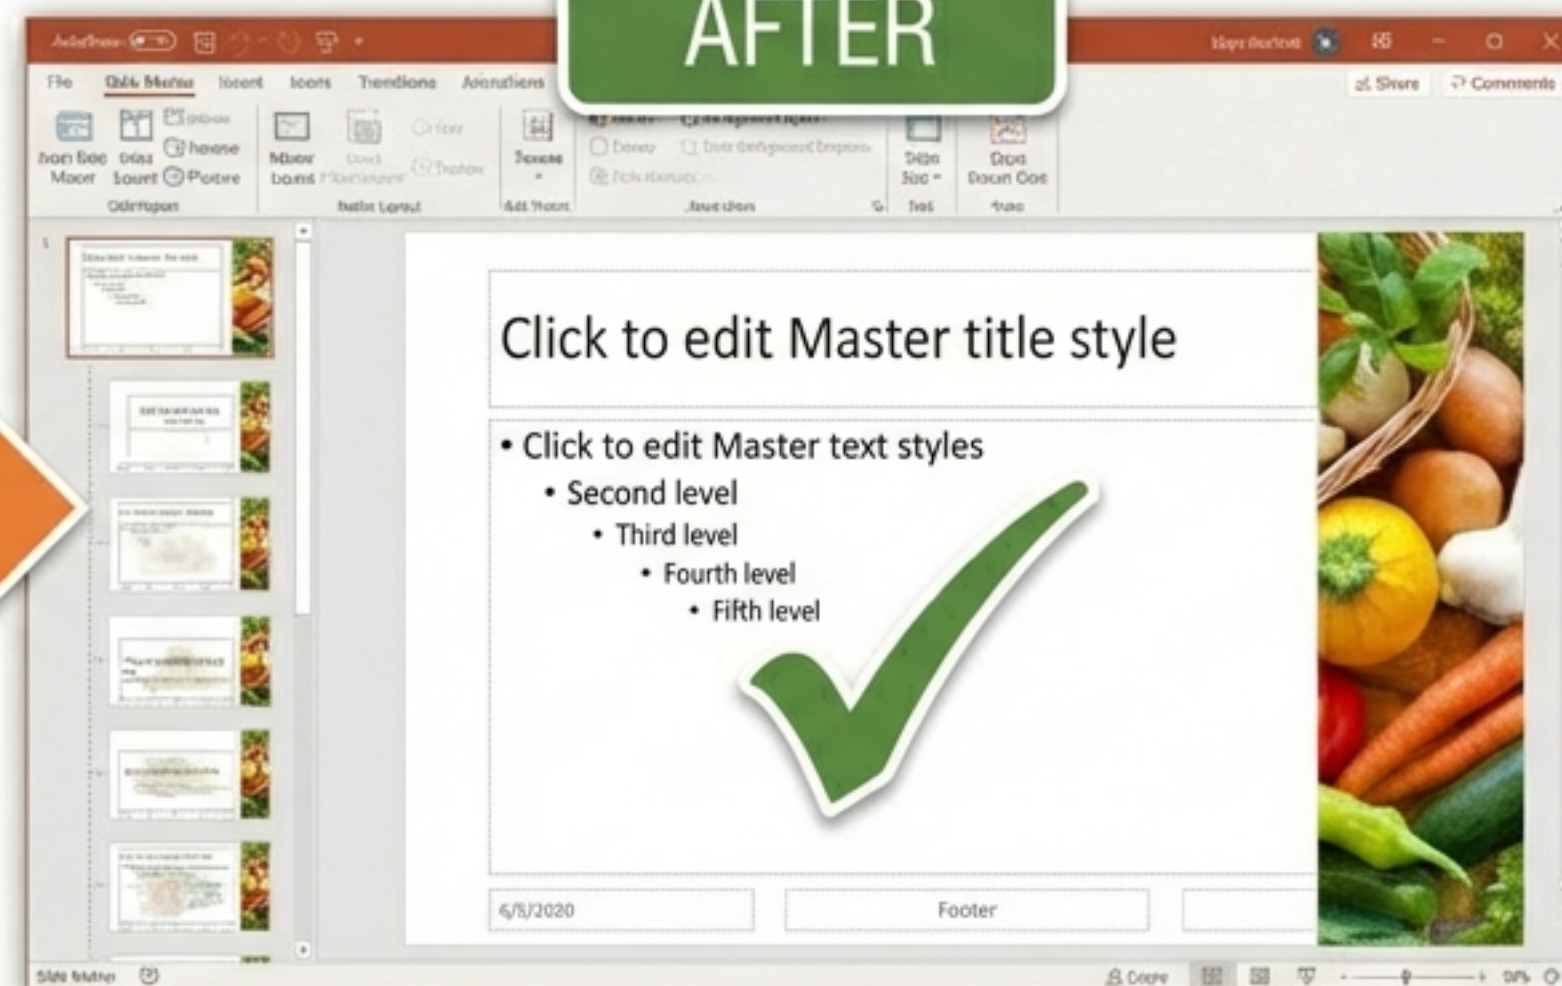

Readable Fonts

Design Check: Don't Hide the Text!

BEFORE

Text overlaps image.

AFTER

Text is clear and readable.

Resize the placeholders on the Master Slide so they don't overlap your images.

Step 5: Headers & Footers

Header and Footer

Slide Notes and Handouts

Include on slide

☒ Date and time

☒ Update automatically

8/6/2020

Calendar type:

English (United States) Gregorian

☐ Fixed

8/8/2020

☒ Slide number

☒ Footer

student@school.org

☐ Don't show on title slide

Apply Apply to All Cancel

The result on your slide!

Step 6: Escape the Master!

Our design theme is ready. Click “Close Master View” to return to normal mode and write your content.

The Result: Sanya's Presentation

Look! The logo, strip, footer, and fonts are perfect on every slide automatically.

Tech Flash: Quick Recap

Slide Master

Controls the look of the whole presentation.
