

All About E-mail

How to send messages, files, and more!

Class 3 - Computer Science

Meet Kavya!

Kavya wrote an amazing essay on "Should plastic be banned?" for the Annual Essay Writing Competition.

The Problem: She needs to send it to the judges right now! The post office is too slow.

The Solution: Her mom suggests using E-mail.

What exactly is E-mail?

E-mail stands for **Electronic Mail**. It is a way to send and receive messages using the internet on computers or phones.

Snail Mail

Type "Mail" in the search bar.

Step 2

Click the blue envelope.

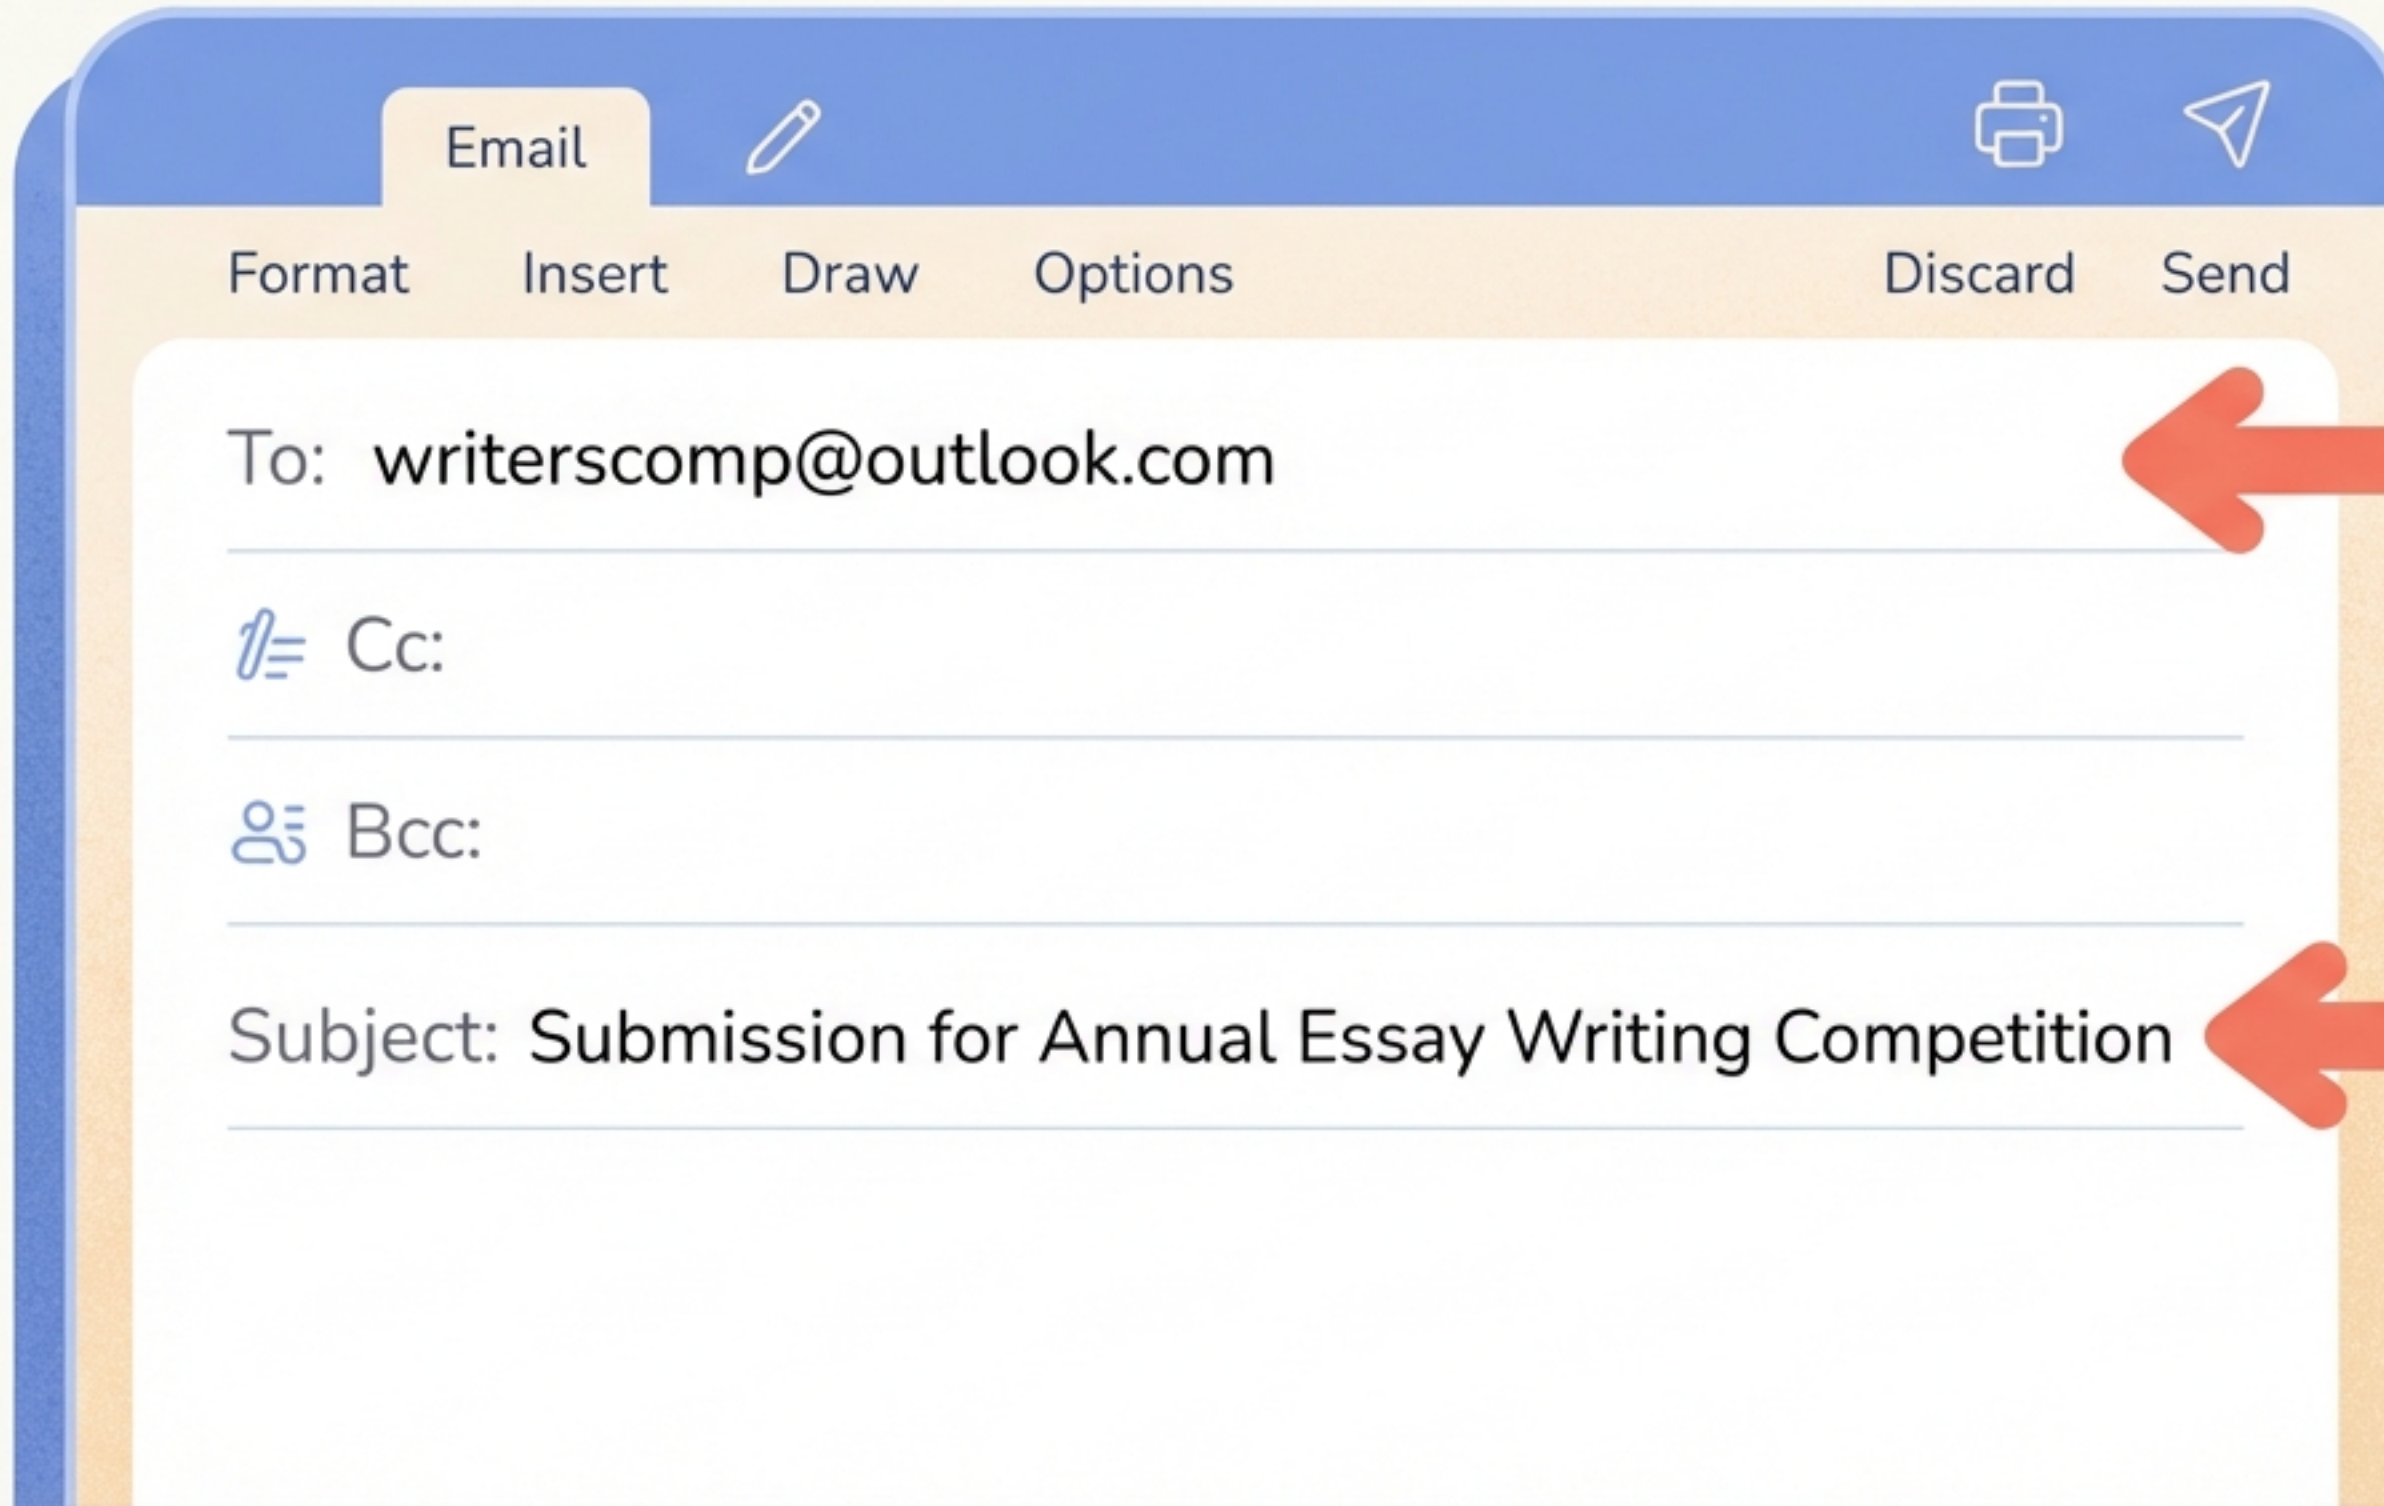

Writing a New Message

Kavya clicks here to open a blank writing window. This is called 'Composing' a message.

Who is it for?

The image shows a screenshot of an email composition interface. At the top, there is a blue header bar with the word "Email" and icons for editing, printing, and sending. Below this is a menu bar with "Format", "Insert", "Draw", "Options", "Discard", and "Send". The main area contains three fields: "To: writerscomp@outlook.com", "Cc:", and "Bcc:". Below these is the "Subject: Submission for Annual Essay Writing Competition". Two red arrows point to the "To:" and "Subject:" fields from the right, with labels "Receiver's Address" and "Purpose of the email (Short and clear!)" respectively.
