

My Amazing Desktop!

Let's explore your computer screen.

Hello! Today we are going to learn about the special screen on your computer. It is waiting for you!

Your Computer has a Desk too!

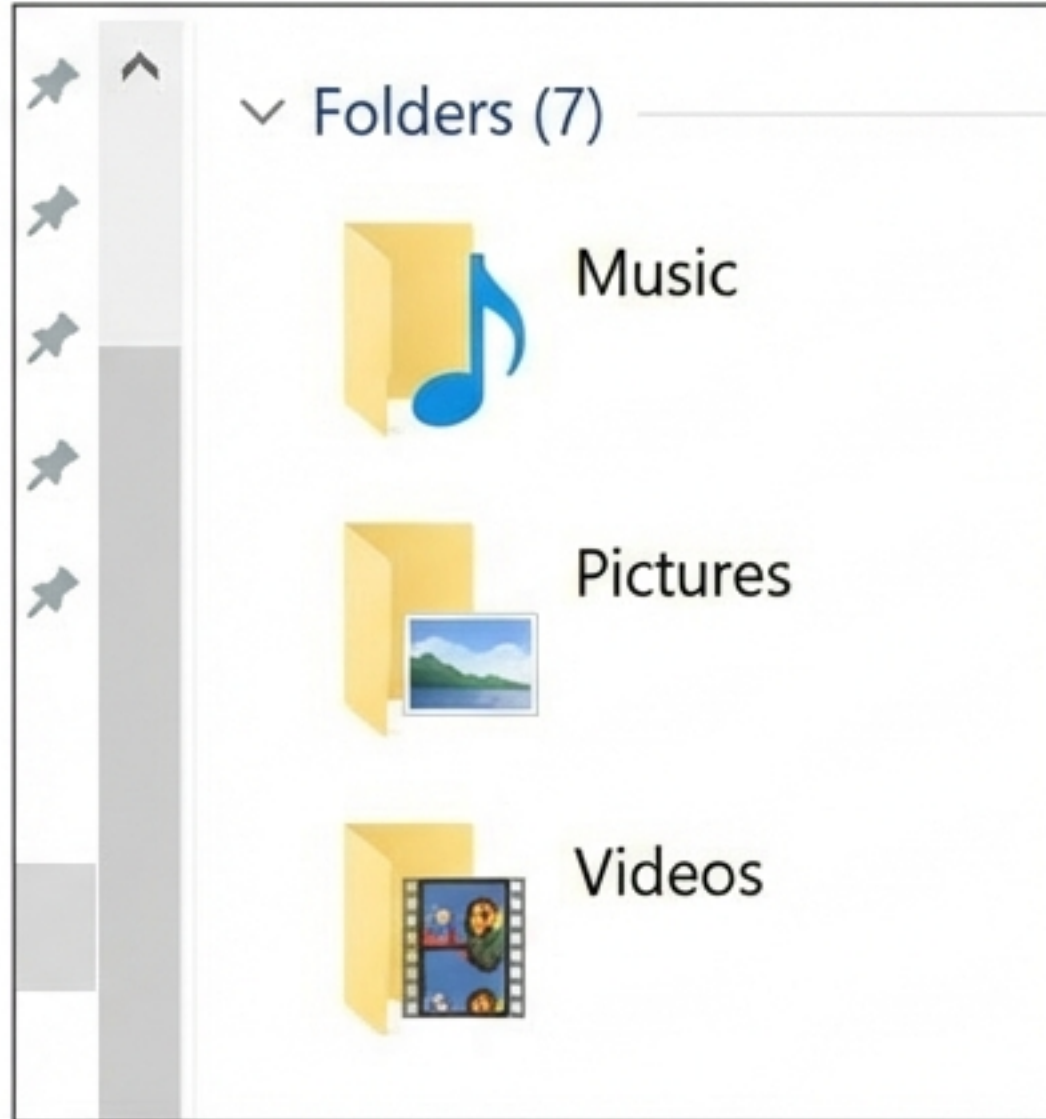

- This screen is called the **Desktop**.
- It is just like your desk at school or home.
- It is where we keep our work, our pictures, and our tools.

Tiny Pictures called Icons

- Look at the small pictures on the left.
- These are called **Icons**.
- Icons are like magic buttons. When you click them, programs open up!

Keeping Things Tidy

- We keep our work in **Files**.
- To stay tidy, we put files inside **Folders**.
- **Analogy:** A Folder is like your school bag. It holds all your things in one place!

The Recycle Bin

Clean & Empty

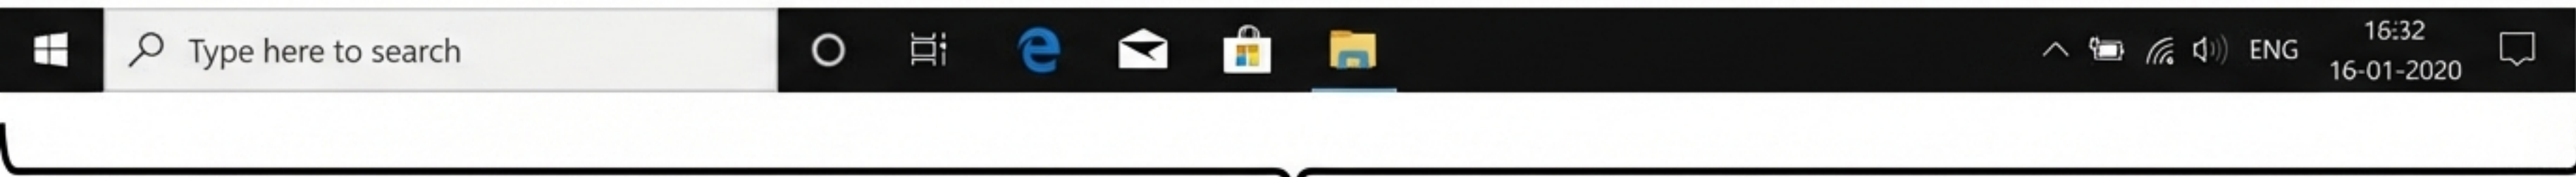

Full of Trash

Do you have trash? Put it in the **Recycle Bin**.
If the bin is full of crumpled paper, it needs to be emptied!

 **Tip:** Be careful! Don't throw away your homework!

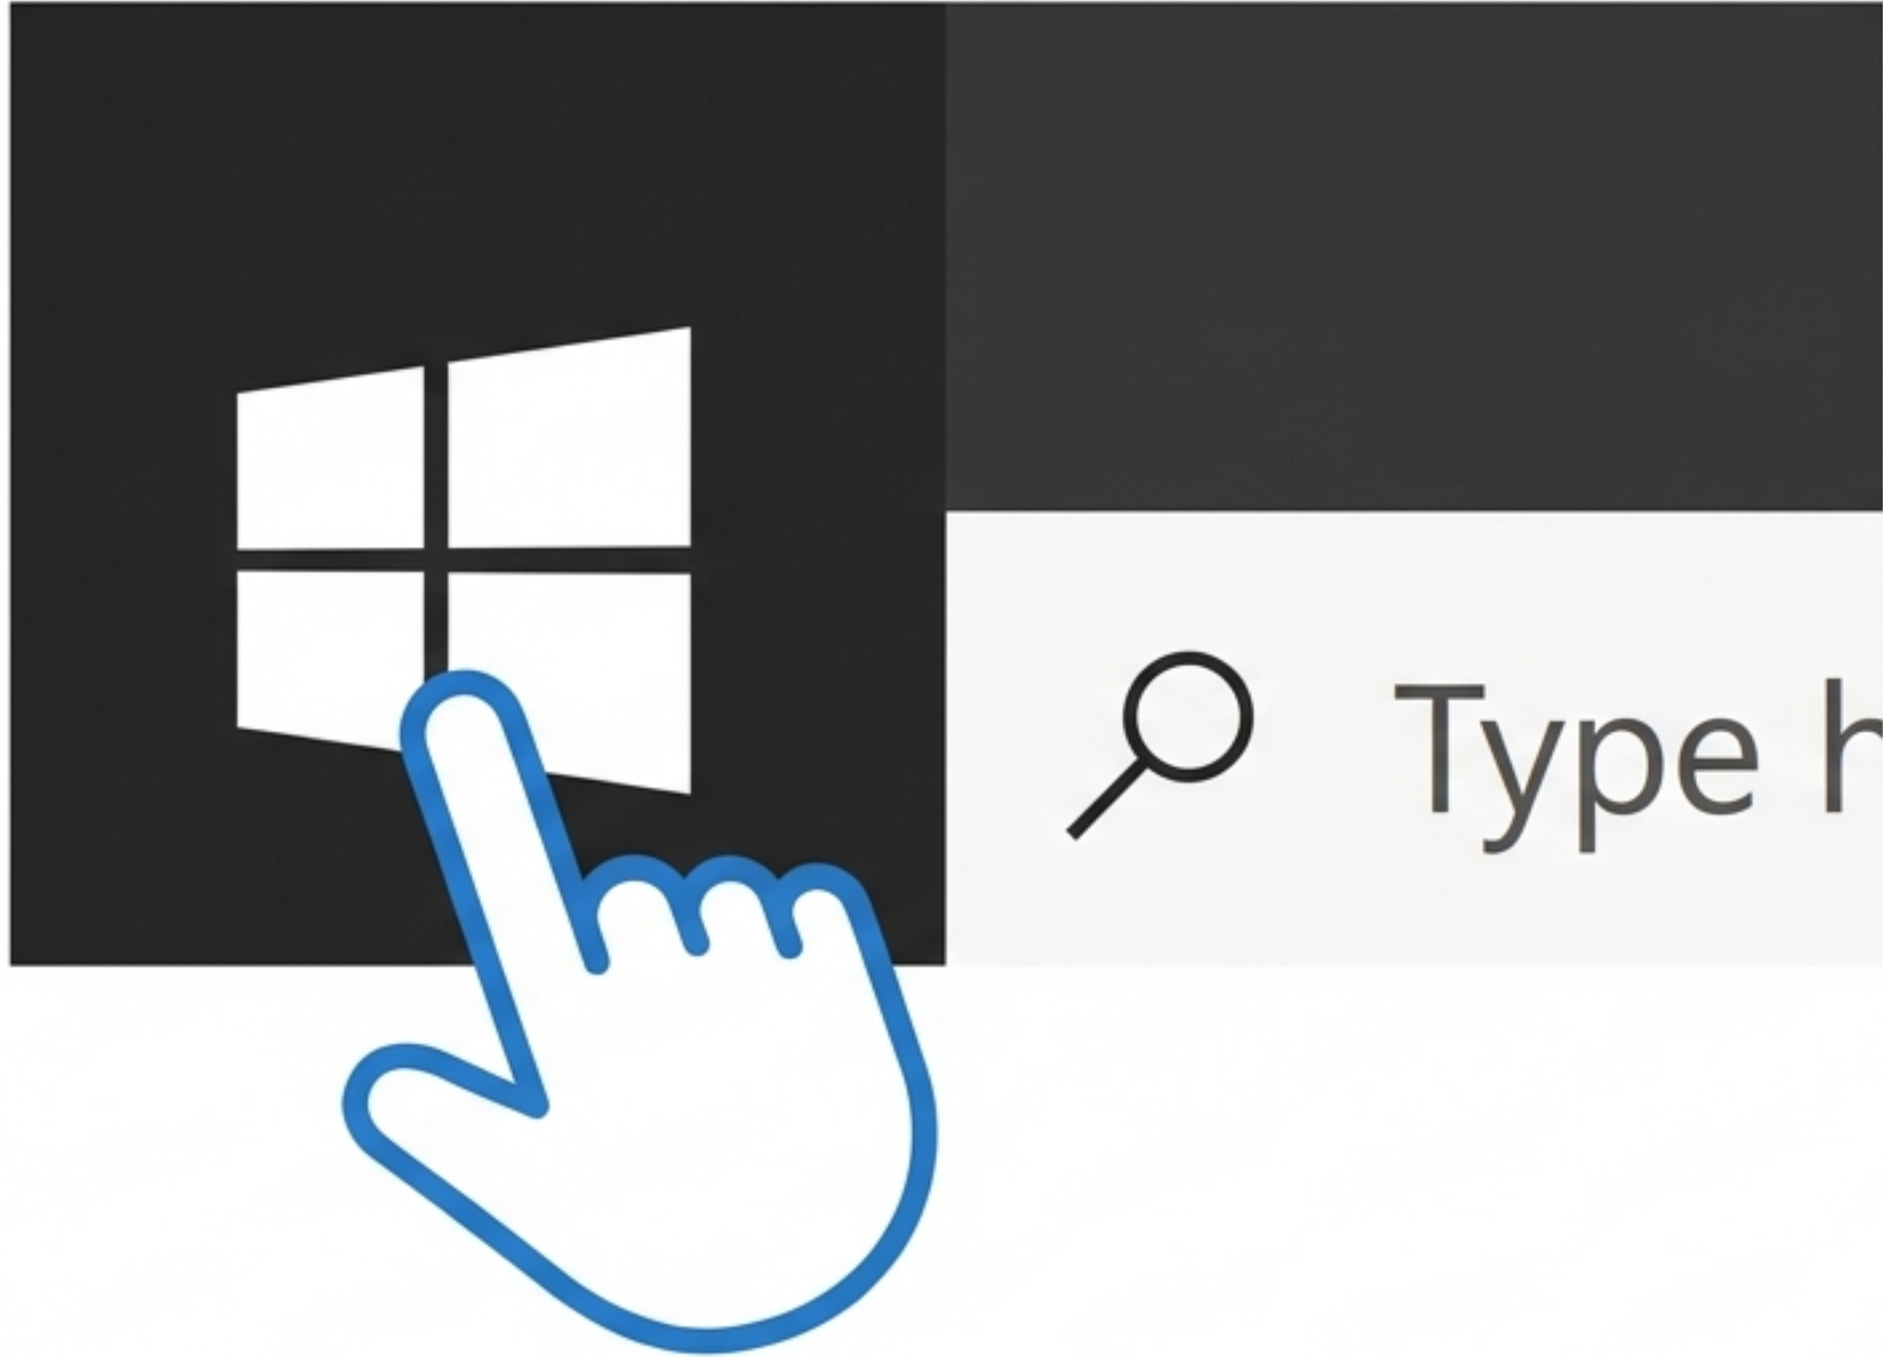

The Taskbar

The Taskbar

- Look at the very bottom of the screen.
- This long black bar is called the **Taskbar**.
- It shows us what programs are open right now.

The Start Button

- This is the **Start Button**.
- It looks like a window.
- Click it to find all your games, apps, and tools!

Let's Decorate!

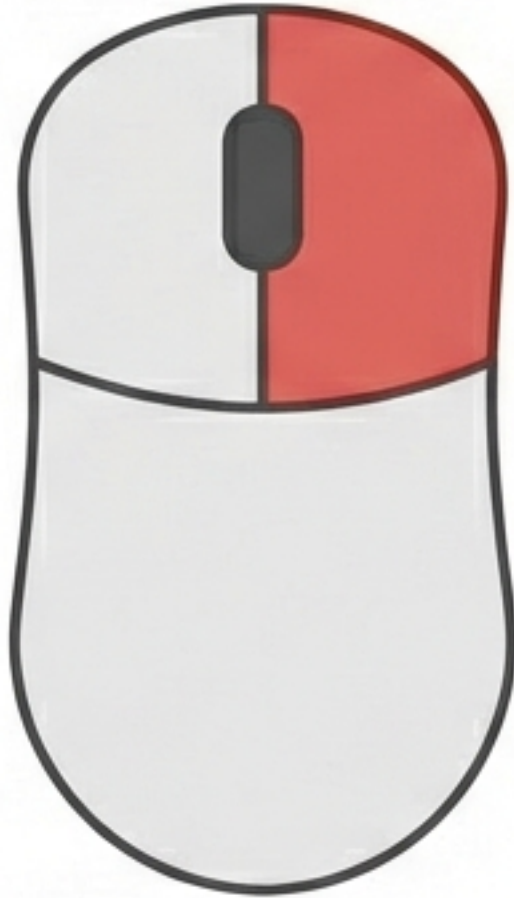

This blue screen is nice... but can we make it **better**?

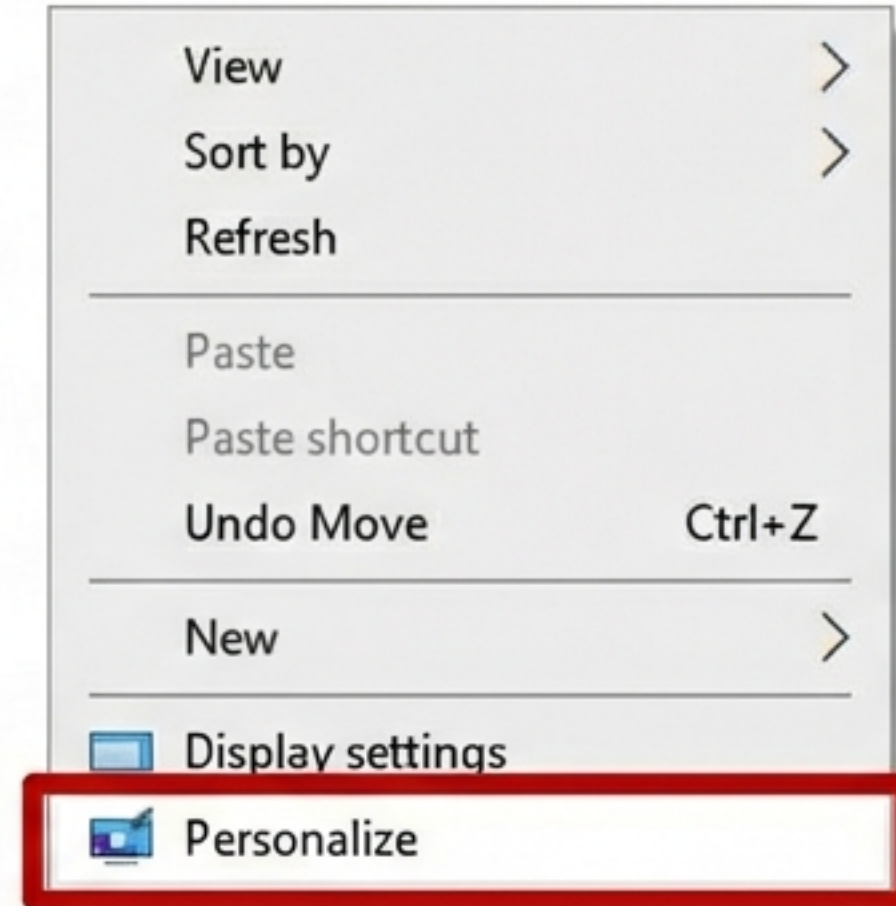

Yes! You can change the background picture! Let's make it look cool.

Step 1

Step 1: Right Click

First, click the **Right Mouse Button** on an empty part of the desktop.

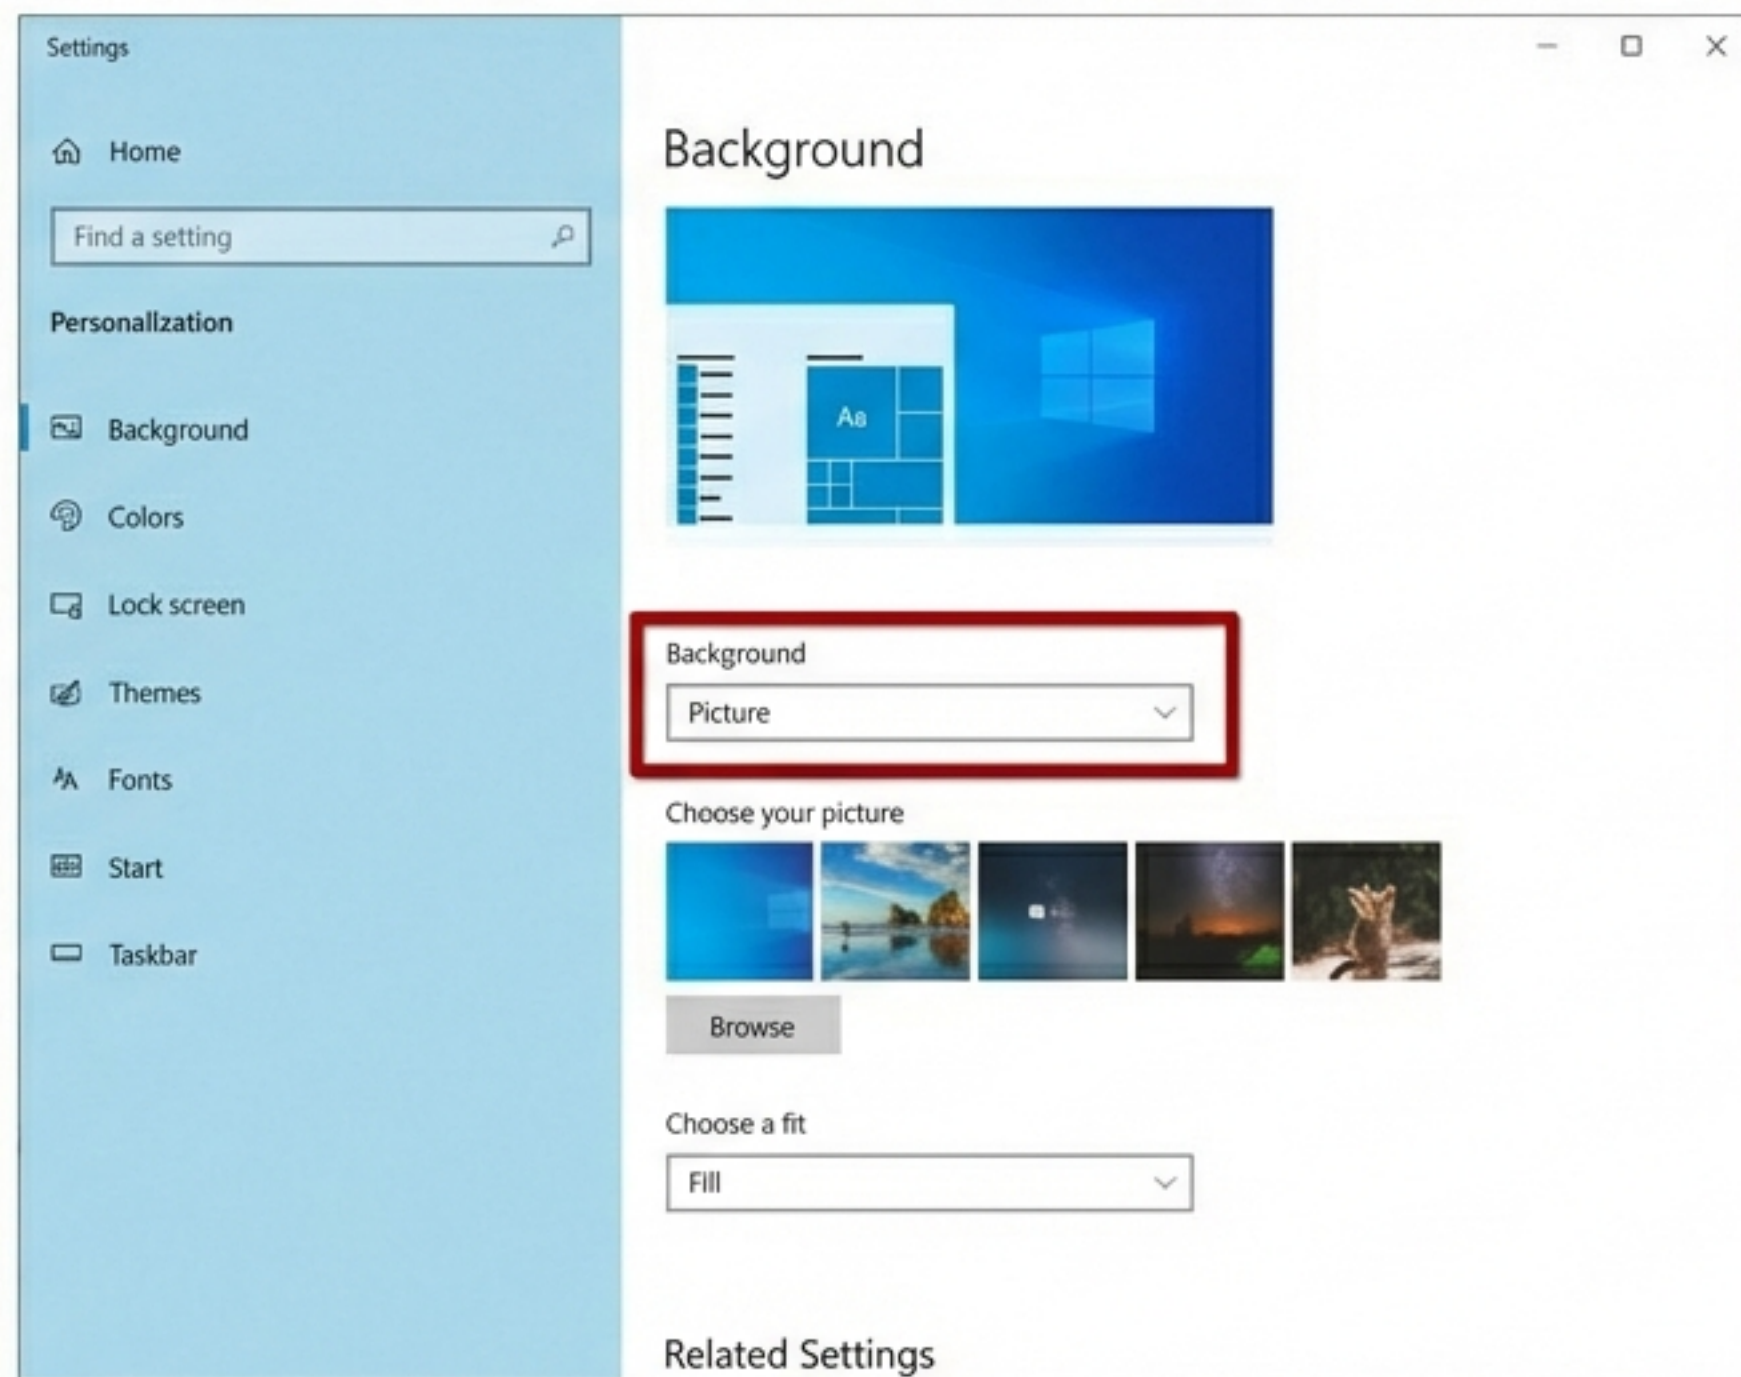

A menu will pop up. Find the word **Personalize** and click it.

Step 2

Step 2: Choose 'Picture'

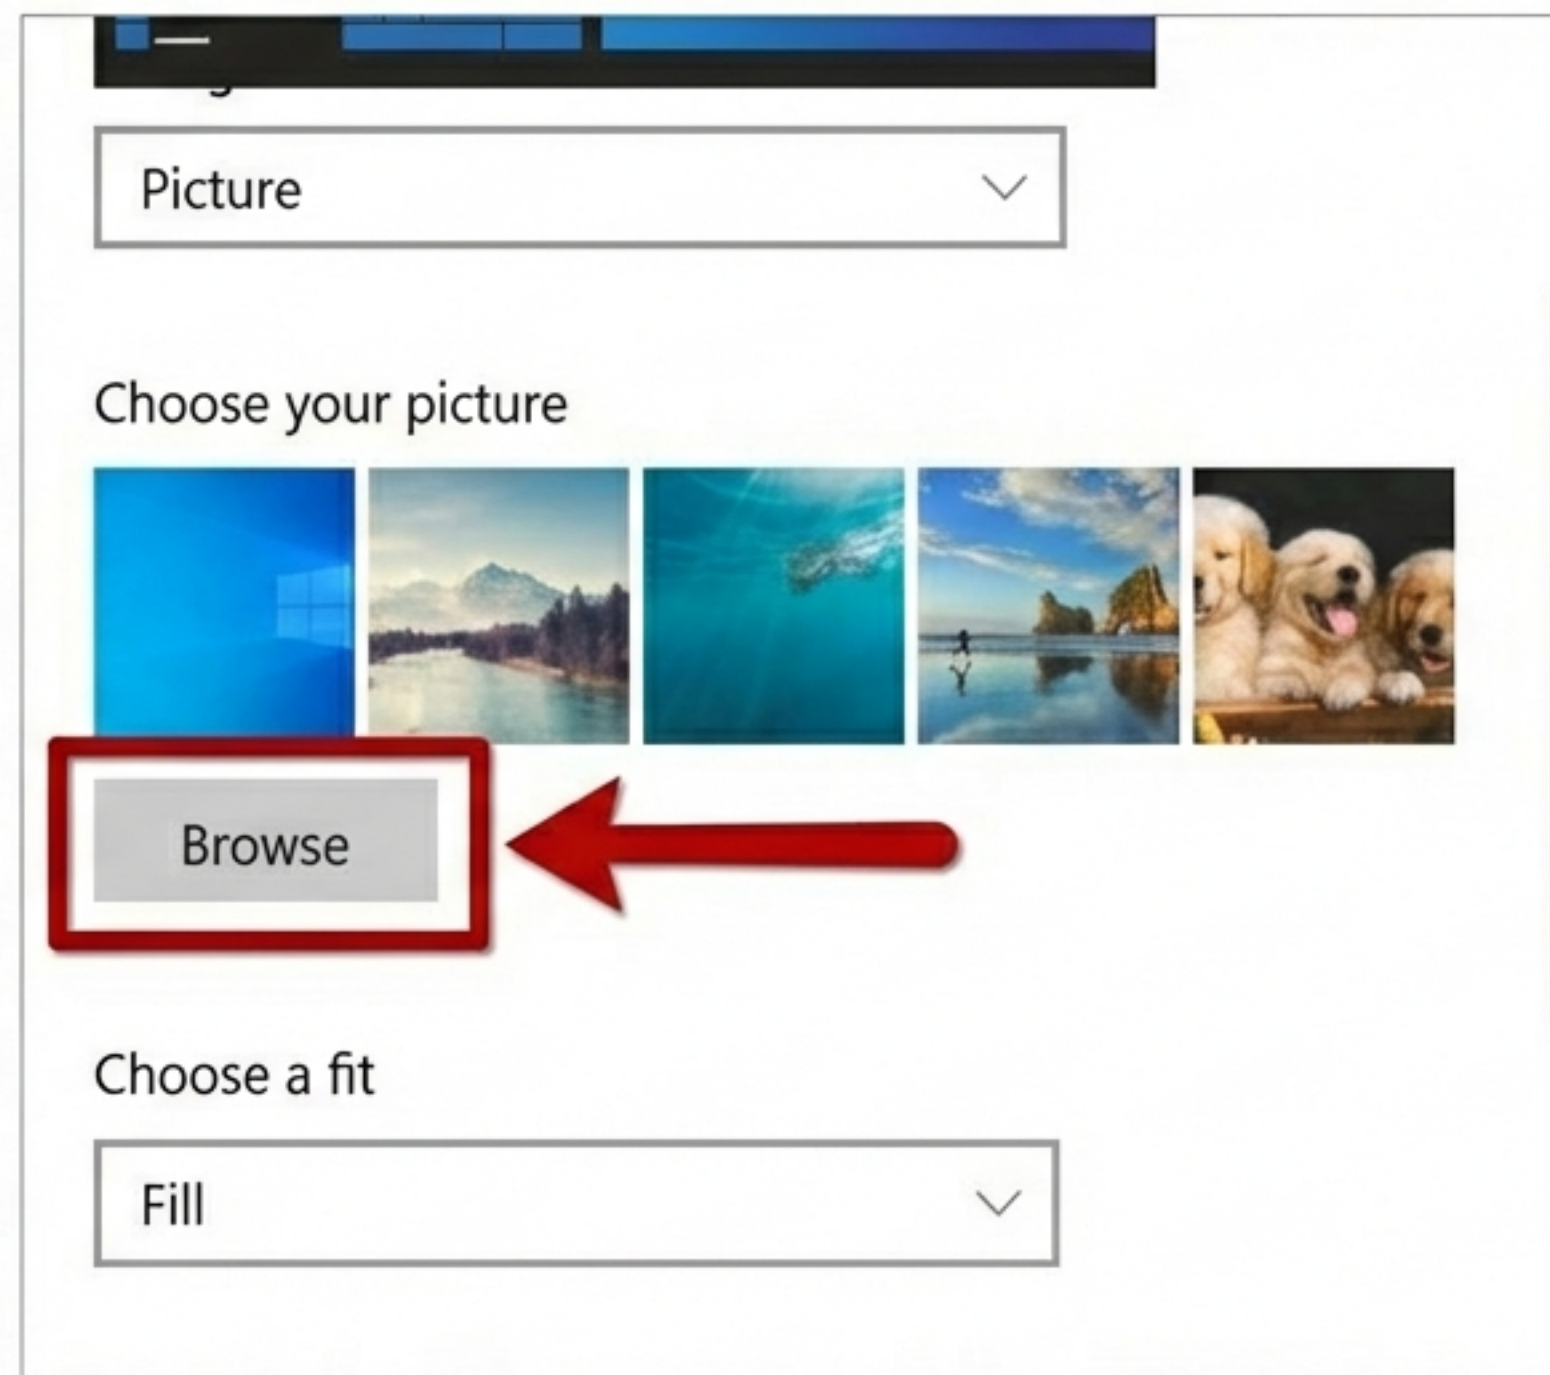

- A new window opens up.
- Look for the **Background** box.
- Make sure it says **Picture**.

Step 3

Step 3: Find Your Photo

- Do you have a photo of a puppy or your family?
- Click the button that says **Browse**.
- This lets us look inside the computer for our special picture.

Picture

Choose your picture

Browse

Choose a fit

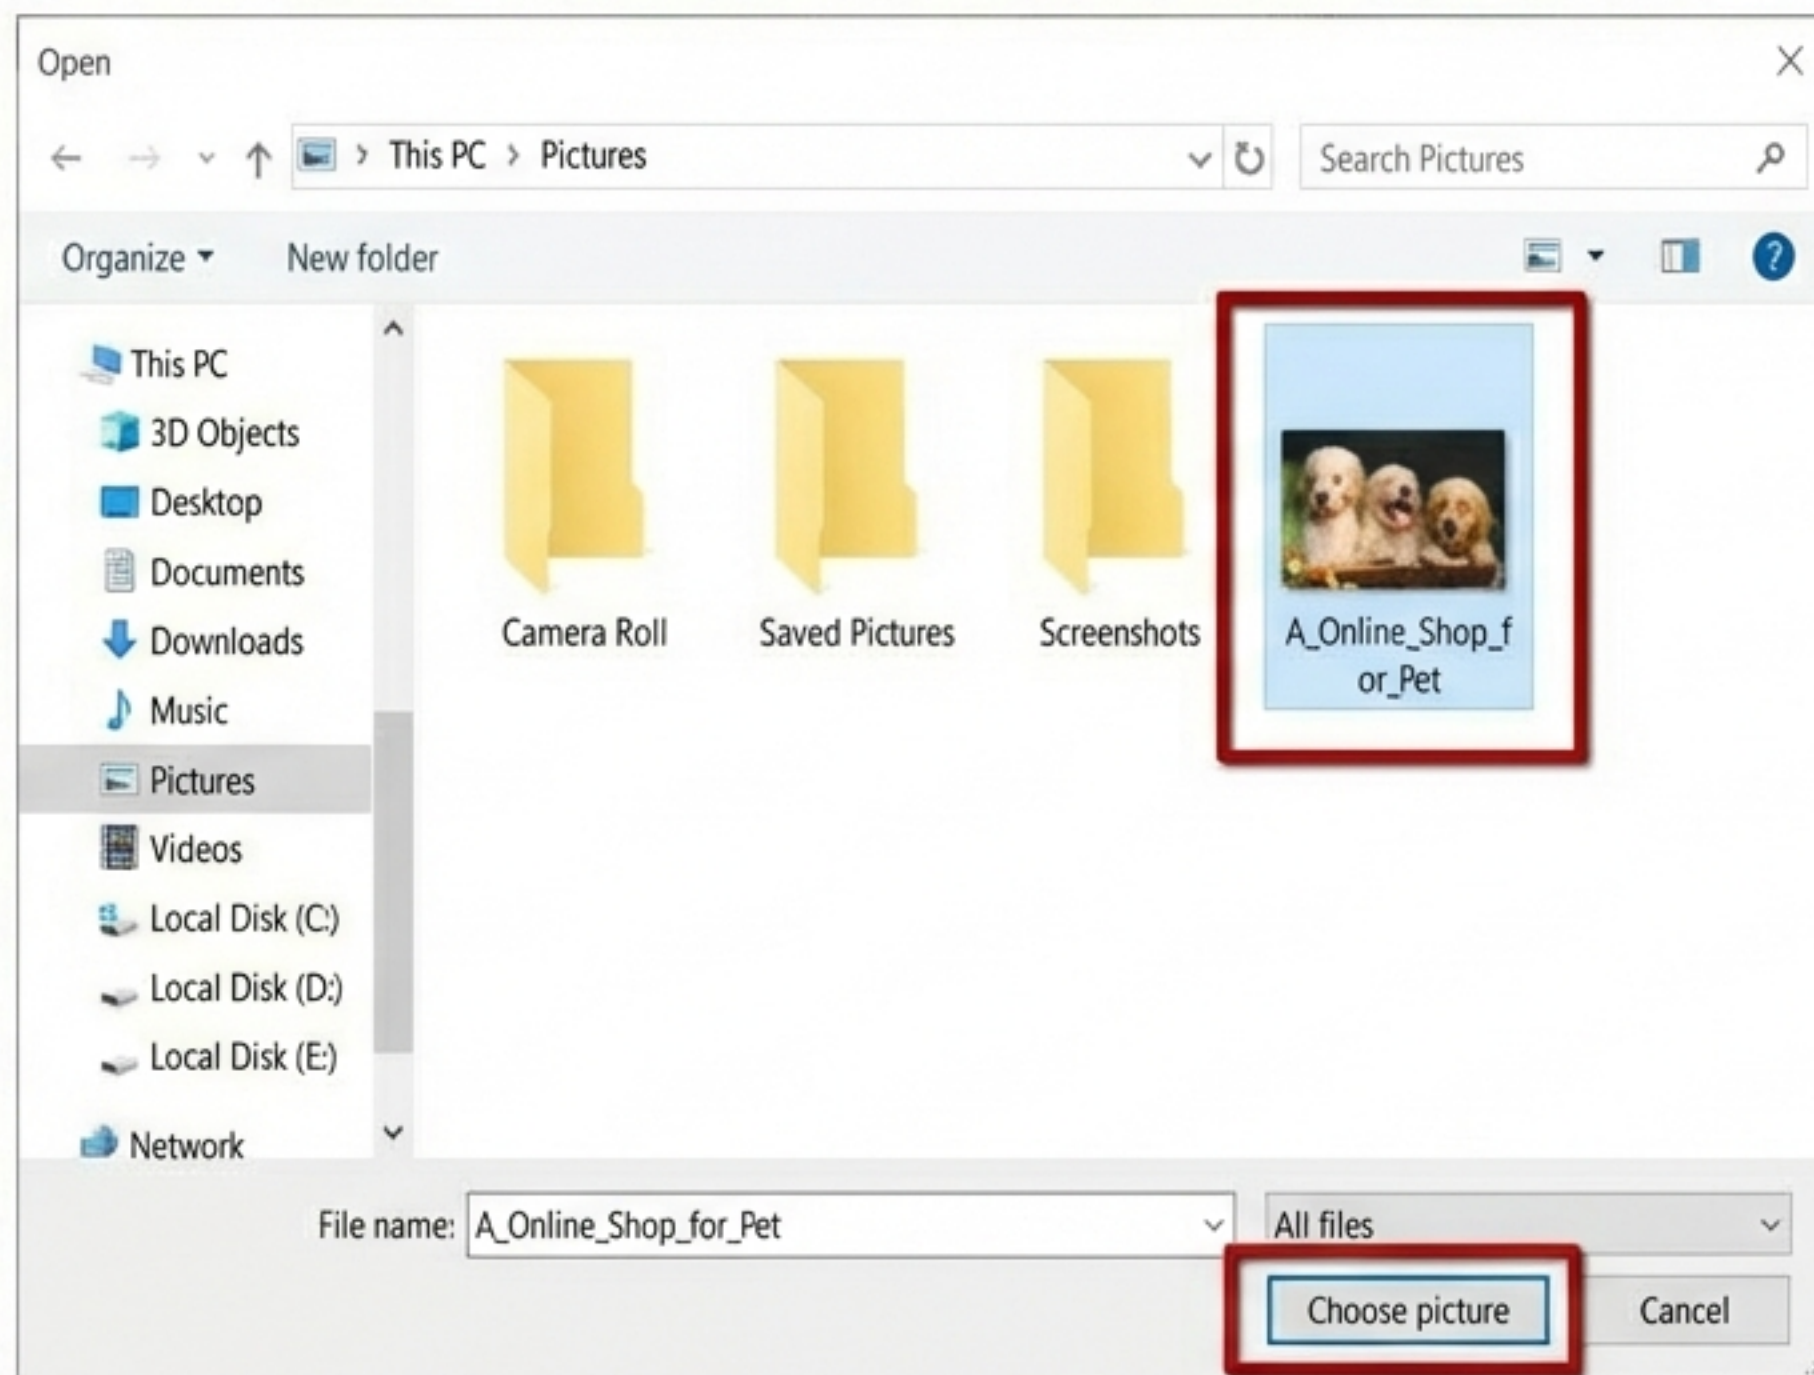

Fill

A red rectangular box highlights the 'Browse' button, and a red arrow points to it from the right.

Step 4

Step 4: Pick the Best One!

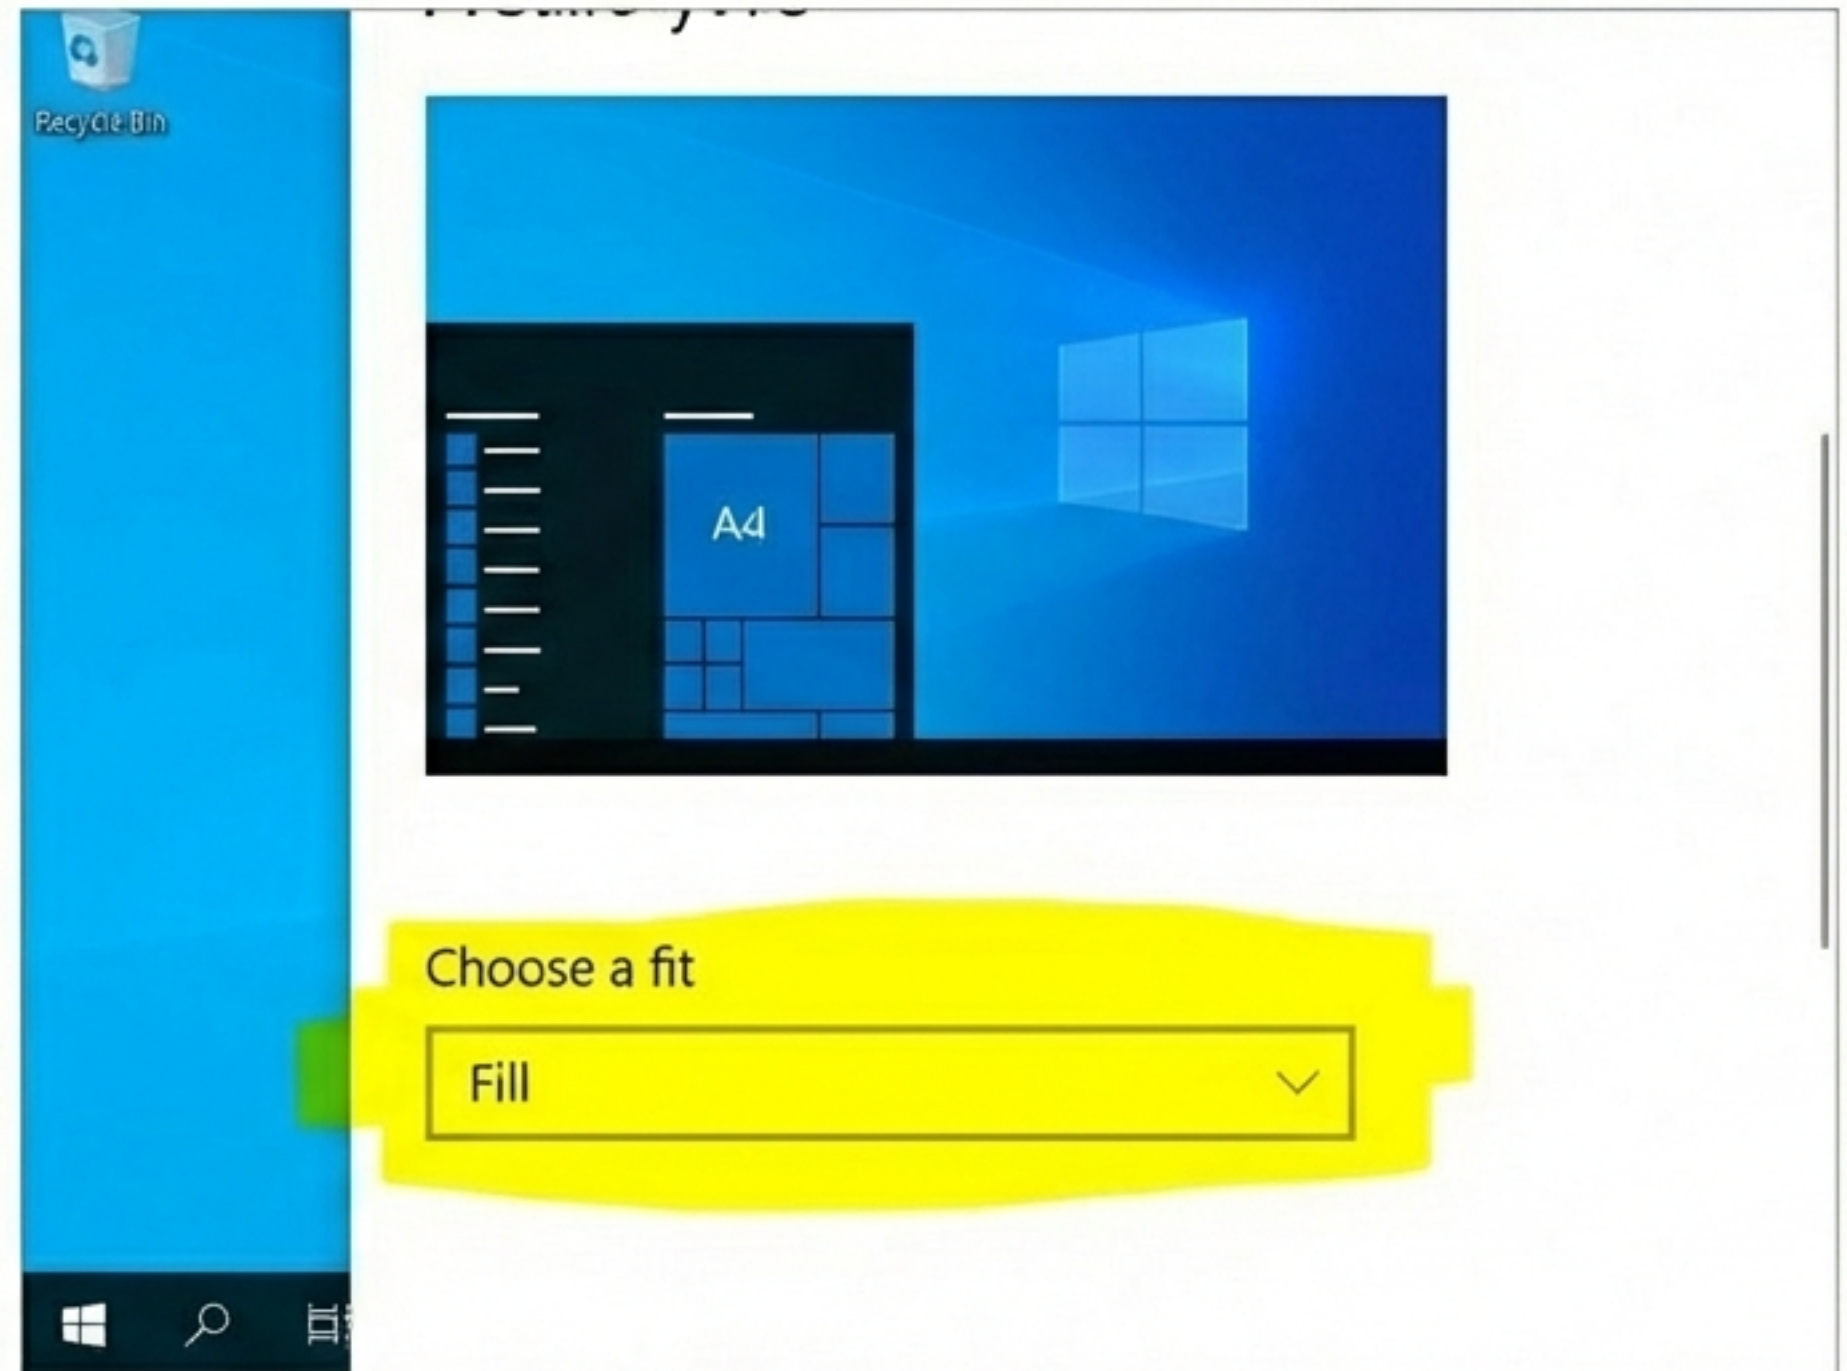

- Look! There is a picture of cute puppies.
- Click on the picture you like.
- Then click the big button: **Choose picture.**

Step 5

Step 5: Make it Fit

- We want the picture to cover the whole screen.
- Go to **Choose a fit**.
- Select **Fill**.
- Now there are no empty spaces!

Woah! Looks Amazing!

Awesome! Now I can keep a background image of my choice.
Great job. Your desktop is now unique to **YOU**.

Can You Remember?

Can you point to...

1. The **Recycle Bin**? (Where does the trash go?)
2. The **Taskbar**? (Where is the long black bar?)
3. A **Folder**? (Where do we keep files safe?)
